

Design Your Own Memory Quilt Workshop

Supply List

Cyndi Souder

Thanks for signing up! In this workshop, we'll discuss the basics of designing a memory quilt, including patterns, materials, and techniques. Using my worksheet, we'll walk through many of the considerations you'll need to address in your project and we'll start the design process.

What to Bring

Please come with a specific memory quilt in mind that you would like to create. Based on this quilt, please bring:

- Your favorite sketchbook or paper for notes and sketches
- A pen or pencil (or your preferred writing implement) for note taking
- Any artifacts you might want to include in your quilt
Examples: clothing, jewelry, photographs, neckties, linens
- Any additional fabric or materials you may want to add

Questions? E-Mail me at Cyndi@MoonlightingQuilts.com.
