

Going Beyond the Basics of Machine Quilting

Supply List

Bring your basted quilt to class. We will share ideas and techniques for quilting our projects.

Tools to bring:

- Sewing machine, walking foot and darning (free motion) foot
- It is a good idea to bring the manual for your machine if you can find it
- Basic sewing tools including a seam ripper
- Thread you plan to quilt with
- Stencils if you plan to use them
- Marking pencils, chalk or whatever you plan to mark with
- Ruler for marking straight lines

It is also helpful to bring **Practice Squares** like those we used in Basic machine quilting. If you have extra blocks you did not use in your quilt top, sandwich them with the batting you will be using and the backing (if you have enough left over). We will use these for our warm-up exercises.

If you have any questions, let me know.
I'm looking forward to seeing all of your quilts.
